## Medical Imaging Technologist

✉ mahanoornaseem100@gmail.com

☎ +923314755627

Highly motivated educator with a passion for Medical Imaging Technology, particularly Radiologic Technology, seeking a faculty position. Possess a strong academic background and clinical experience in Radiologic Technology. Eager to share knowledge, develop curriculum, and guide future generations of medical imaging professionals.

### Experience

#### Life line Imaging Center- Jinnah Hospital

Aug2022-Aug2023

- Supported radiologic technologists in conducting routine diagnostic procedures. Prepared examination rooms and ensured the availability of necessary supplies, expediting workflow. Assisted in patient intake, verifying medical histories, and addressing pre-examination inquiries. Conducted routine checks on X-ray machines and other equipment, reporting any malfunctions promptly

#### Doctor hospital

Nov2022-Aug2023

- Assisted in operating X-ray, CT, and Ultrasound equipment under the supervision of senior technologists. Set up and calibrated imaging equipment, ensuring optimal functionality and image quality. Positioned patients for various imaging procedures, adhering to safety protocols and minimizing radiation exposure. Communicated effectively with radiologists, nurses, and other healthcare team members to coordinate imaging procedures.

### Education

#### Intermediate – Pre-Medical Government College Township, Lahore, Punjab, Pakistan

2014-2016

#### Superior University Lahore

2017-2021

B.S (hons.) –MIT (CGPA 3.23)

Superior University, Lahore, Punjab, Pakistan

### Skills

- Hands-on experience with X-ray, CT, and Ultrasound equipment.
- Patient-care.
- Strong communication skills.
- Knowledge of radiologic technology protocols.
- Problem-solving
- Creativity
- Time Management
- Eye for Detail
- Quick learner
- Presentation skills
